You will have a series of mini-meetings with new contacts or old contacts who have new information. The idea is that within a few minutes of talking to someone you will be able to work out whether it is possible to do business with them. This makes it a very efficient form of **business networking**. Plus, it's **FUN!!**

*WHY SPEED NETWORK? NARIGC always provides opportunities to network mixed in with other educational programs. **Speed networking** concentrates purely on networking. By meeting lots of people, you have more chance of meeting ideal contacts for your business. NARIGC members rely on who they know – their network of suppliers, partners and customers. Speed Networking is simple, effective and can generate quantifiable results for all parties.*
